Beauty & Care

Link Misr with twenty years experience supported with modern fully automated lines for producing shelving and racking systems. This manufacturing facility allows Link Misr to process all products perfectly to create a high-grade end product meeting the most stringent international quality and safety standards.

Consolidating your unit also save time and simplifies management of your merchandise. The bottom line is that this will improve your overall service-which means more sales.

LinkMisr has elegant solutions to the problem of cosmetics store inventory. Trust our high-density systems for practical, flexible inventory management.

Each store has its own spirit and characteristics which is our start to furnish the store according to the required atmosphere.

Whether you're a designer boutique or a Hypermarket, Link Misr has products that are custom-tailored to fit your apparel storage needs.

Our Systems offer you the flexibility to reconfigure them whenever required. As an example, our units will efficiently store your inventory, and thanks to their user-friendly, stand-alone design.

It's easy to relocate them should you want to change your layout; you can also add more units to handle more stock.
